SUBJECT AND TITLE INDEX

Teaching and Learning in Medicine
Volume 15, 2003

Editor's note: This is an annual Subject and Author Index of all articles appearing in Teaching and Learning in Medicine for Volume 15, 2003. The Subject Index begins on page 304, and the Author Index begins on page 307.

We will now publish an annual subject and author index in the 4th issue of each volume.

Because so many people are now referring to our website at: http://edaff.siumed.edu/tlm, we have made the decision to continue with a complete cumulative subject and author index there. (Volume 1, 1989 through Volume 15, 2003).

All categories of our Subject/Title index are listed below. Categories for which there are no published articles entered for this Volume, may be viewed on our website at http://edaff.siumed.edu/tlm.

Following are the subjects used in the Subject/Title Index:

Admissions	*304*	Learning	*
Ambulatory care education	*	Licensure	*
Area health education center	*	Medical education, broad issues	*304*
Assessment, physicians	*304*	Medical education, international	*
Assessment, residents	*304*	Medical ethics	*305*
Assessment, students	*304*	Medical humanities	*305*
Biostatistics	*304*	Medical students' attitudes and values	*305*
Career choice and career patterns	*304*	Medical students, minority	*
Clinical education	*304*	Medical students' problems or disabilities	*305*
Clinical reasoning skills/Cognitive skills	*	Medicolegal issues	*
Cognitive Science	*	Nutrition	*
Combined degree programs	*	Objective structured clinical examination, OSCE	*
Community medicine (see also Public health)	*	Obstetrics/gynecology	*305*
Computer software	*	Pathology	*
Computers in medical education	*304*	Patient education	*
Computers in teaching and evaluation	*	Patient instructors	*
Continuing medical education	*304*	Pediatrics	*
Critical appraisal of the literature	*	Physical diagnosis courses	*305*
Curricula, multiple sites	*	Preclinical science	*305*
Curriculum	*	Preventive medicine	*305*
Curriculum change	*304*	Primary care	*
Curriculum database	*	Problem-based learning	*305*
Curriculum design and evaluation	*304*	Psychiatry and psychosocial skills	*305*
Emergency medicine	*	Psychomotor skills	*
Evaluation, clinical	*304*	Public health (See also Community medicine)	*305*
Evaluation methods	*304*	Research methodology	*305*
Faculty attitudes and values	*304*	Research skills	*305*
Faculty characteristics and skills	*	Resident teaching skills	*
Faculty development	*304*	Standardized patients	*305*
Family medicine/family practice	*304*	Student characteristics and skills	*306*
Geriatrics	*304*	Student disabilities	*
Graduate medical education	*304*	Surgery	*
Internal medicine	*304*	Teaching skills	*306*

Admissions

A Model For Diversity In Admissions: A Review Of Issues And Methods And An Experimental Approach, (Kreiter & Others) **2003, 15:**116–122

Residents as Members of Intern Selection Committees: Can They Partially Replace Faculty? (Milne & Others) **2003, 15:**242–246

Assessment, physicians

Likelihood Of Change: A Study Assessing Surgeon Use Of Multisource Feedback Data, (Lockyer & Others) **2003, 15:**168–174

Multidimensional Outcome Considerations In Assessing The Efficacy Of Medical Educational Programs, (Blumberg) **2003, 15:**210–214

The Effect of Task Exposure on Repeat Candidate Scores in a High-Stakes Standardized Patient Assessment, (Boulet & Others) **2003, 15:**227–232

Assessment, residents

Effectiveness of Report Cards Based on Chart Audits of Residents' Adherence to Practice Guidelines on Practice Performance: A Randomized Controlled Trial, (Kogan & Others) **2003, 15:**25–30

Multidimensional Outcome Considerations In Assessing The Efficacy Of Medical Educational Programs, (Blumberg) **2003, 15:**210–214

Assessment, students

Multidimensional Outcome Considerations In Assessing The Efficacy Of Medical Educational Programs, (Blumberg) **2003, 15:**210–214

Biostatistics

Teaching Evidence-Based Medicine: A Regional Dissemination Model, (Leipzig & Others) **2003, 15:**204–209

Career choice and career patterns

Treatment of Medical Students During Clerkships Based on Their Stated Career Interests, (Woolley & Others) **2003, 15:**156–162

Clinical education

Expectations of and for Clerkship Directors: A Collaborative Statement from the Alliance for Clinical Education, (Pangaro & Others) **2003, 15:**217–222

Teaching Evidence-Based Medicine: A Regional Dissemination Model, (Leipzig & Others) **2003, 15:**194–203

The ICM Pin: A Symbol of Professional Development During Medical Education, (Deloney) **2003, 15:**215–216

Computers in medical education

Electrifying A Medical School Course: A Case Study as Development, (Hoban & Others) **2003, 15:**140–146

Continuing medical education

A Proposal to Enhance the Disclosure of Potential Conflict of Interest For Continuing Medical Education Events, (Steward) **2003, 15:**267–269

Curriculum change

Book Review of *Learning to Become a Physician at Sherbrooke—A Full Switch to a Student-Centered MD Program*, by Jacques E. Des Marchais and Collaborators, (Barrows) **2003, 15:**70–71

Curricular Reform of the 4thYear of Medical School: The Colleges Model, (Slavin & Others) **2003, 15:**186–193

Effects of a Revised Preclinical Curriculum on Students' Perceptions of Their Cognitive Behaviors, Attitudes to Social Issues in Medicine, and the Learning Environment, (Schwartz & Loten) **2003, 15:**76–83

The Impact of a Newly Implemented PBL curriculum on the National Board of Chiropractic Examiners Part I Examinations at the National University of Health Sciences, (Shenouda & Others) **2003, 15:**233–237

The Role of Medical Students in Curriculum Committees, (Steyer & Others) **2003, 15:**238–241

Curriculum design and evaluation

Morning Report: an Analysis of Curricular Content and Comparison to National Guidelines, (Durning & Others) **2003, 15:**40–44

Evaluation, clinical

Cognitive, Social and Environmental Sources of Bias in Clinical Performance Ratings, (Williams & Others) **2003, 15:**270–292

Evaluation, methods

Cognitive, Social and Environmental Sources of Bias in Clinical Performance Ratings, (Williams & Others) **2003, 15:**270–292

Faculty attitudes & values

A Proposal to Enhance the Disclosure of Potential Conflict of Interest For Continuing Medical Education Events, (Steward) **2003, 15:**267–269

Faculty development

Does Being a Clerkship Director Benefit Academic Career Advancement: Results of a National Survey, (Elnicki & Others) **2003, 15:**21–24

Family medicine – family practice

Teaching Geriatric Assessment in Home Visits: The Family Physician/Geriatrician Attachment, (Tandeter & Others) **2003, 15:**123–126

Geriatrics

Teaching Geriatric Assessment in Home Visits: The Family Physician/Geriatrician Attachment, (Tandeter & Others) **2003, 15:**123–126

Graduate medical education

A Multi-Dimensional Workshop Using Human Cadavers to Teach Bedside Procedures, (Oxentenko & Others) **2003, 15:**127–130

Internal medicine

An Evidence-Based Domestic Violence Education Program for Internal Medicine Residents (Korenstein & Others) **2003, 15:**262–266

Procedure Skill Competence and Certification in Internal Medicine Residency Training, (Cation & Durning) **2003, 15:**175–179

Medical education, broad issues

African American and White Physicians: A Comparison of Satisfaction with Medical Education, Professional Careers, and Research Activities, (Gartland & Others) **2003, 15:**106–112

Book Review of *Iconoclast: Abraham Flexner and a Life in Learning* by Thomas Neville Bonner, (Reynolds) **2003, 15:**298–299
Editorial: Small Group Learning in Medical Education: A Second Look at the Springer, Stanne, and Donovan Meta-Analysis, (Colliver & Others) **2003, 15:**2–5
Editorial: The Research Enterprise in Medical Education, (Colliver) **2003, 15:**154–555
Effects of Reviewers' Gender on Assessments of a Gender-Related Standardized Manuscript, (Caelleigh & Others) **2003, 15:**163–167
March Madness—The NRMP and the NCAA, (Wright & Ziegelstein) **2003, 15:**113–115

Medical ethics

A Proposal to Enhance the Disclosure of Potential Conflict of Interest For Continuing Medical Education Events, (Steward) **2003, 15:**267–269

Medical humanities

Humanities In Full Retreat, (Levi & Green) **2003, 15:**252–256
Wit: Using Drama to Teach First-Year Medical Students About Empathy and Compassion (Deloney & Graham) **2003, 15:**247–251

Medical students attitudes and values

"My Future As A Physician"—Professional Representations And Their Background Among First-Day Medical Students, (Niemi & Others) **2003, 15:**31–39
Medical Students for Choice: Origins, Current Orientations, and Potential Impact, (Wear & Keck-McNulty) **2003, 15:**52–58
Requiring a One-Week Addiction Treatment Experience in a Six-Week Psychiatry Clerkship: Effects on Attitudes Toward Substance-Abusing Patients, (Christison & Haviland) **2003, 15:**93–97
Requiring a One-Week Addiction Treatment Experience in a Six-Week Psychiatry Clerkship: Effects on Attitudes Toward Substance-Abusing Patients, (Christison & Haviland) **2003, 15:**93–97
Service Learning in the Medical Curriculum: Developing and Evaluating an Elective Experience, (Elam & Others) **2003, 15:**194–203

Medical students' problems or disabilities

Mindfulness-Based Stress Reduction Lowers Psychological Distress in Medical Students, (Rosenzweig & Others) **2003, 15:**88–92
Treatment of Medical Students During Clerkships Based on Their Stated Career Interests, (Woolley & Others) **2003, 15:**156–162

Obstetrics/gynecology

Medical Students for Choice: Origins, Current Orientations, and Potential Impact, (Wear & Keck-McNulty) **2003, 15:**52–58
Objective structured clinical examinations, (OSCEs)
Development and Implementation of an Objective Structured Teaching Exercise (OSTE) to Evaluate Improvement in Feedback Skills Following a Faculty Development Workshop, (Stone & Others) **2003, 15:**7–13
Impact On The Psychometric Properties Of A Pharmacy OSCE Using 1st Year Students As Standardized Patients, (Sibbald & Regehr) **2003, 15:**180–185

Physical diagnosis courses

Book Review of *Textbook of Physical Diagnosis: History and Examination*, 4th Edition, by Mark H. Swartz, (Graham) **2003, 15:**147–148

Preclinical science

Effects of a Revised Preclinical Curriculum on Students' Perceptions of Their Cognitive Behaviors, Attitudes to Social Issues in Medicine, and the Learning Environment, (Schwartz & Loten) **2003, 15:**76–83
The Effect of Using Team Learning in an Evidence-Based Medicine Course for Medical Students, (Hunt & Others) **2003, 15:**131–139

Preventive medicine

Book Review of *Handbook of Women's Health – An Evidence-based Approach*, Edited by Jo Ann Rosenfeld, (Nelson) **2003, 15:**70

Problem-based learning

Book Review of *Learning to Become a Physician at Sherbrooke—A Full Switch to a Student-Centered MD Program*, by Jacques E. Des Marchais and Collaborators, (Barrows) **2003, 15:**70–71
Editorial: Small Group Learning in Medical Education: A Second Look at the Springer, Stanne, and Donovan Meta-Analysis, (Colliver & Others) **2003, 15:**2–5
Effects of a Revised Preclinical Curriculum on Students' Perceptions of Their Cognitive Behaviors, Attitudes to Social Issues in Medicine, and the Learning Environment, (Schwartz & Loten) **2003, 15:**76–83
Integration of Persons with HIV in a Problem-Based Tutorial: A Qualitative Study, (Solomon & Others) **2003, 15:**257–261
Medical Student Perceptions Of Factors Affecting Productivity of Problem-Based Learning Tutorial Groups: Does Culture Influence The Outcome?, (Das Carlo & Others) **2003, 15:**59–64
The Impact of a Newly Implemented PBL curriculum on the National Board of Chiropractic Examiners Part I Examinations at the National University of Health Sciences, (Shenouda & Others) **2003, 15:**233–237

Psychiatry and psychosocial skills

Requiring a One-Week Addiction Treatment Experience in a Six-Week Psychiatry Clerkship: Effects on Attitudes Toward Substance-Abusing Patients, (Christison & Haviland) **2003, 15:**93–97

Public health/community medicine

Book Review of *Handbook of Women's Health – An Evidence-based Approach*, Edited by Jo Ann Rosenfeld, (Nelson) **2003, 15:**70

Research methodology

A Model For Diversity In Admissions: A Review Of Issues And Methods And An Experimental Approach, (Kreiter & Others) **2003, 15:**116–122
Editorial: Small Group Learning in Medical Education: A Second Look at the Springer, Stanne, and Donovan Meta-Analysis, (Colliver & Others) **2003, 15:**2–5
Editorial: The Research Enterprise in Medical Education, (Colliver) **2003, 15:**154–155

Research skills

The Oregon Center for Complementary and Alternative Medicine Career Development Program: Innovation in Research Training for Complementary and Alternative Medicine, (Shaw & Others) **2003, 15:**45–51

Standardized patients

Methodological Issues in the Use of Standardized Patients for Assessment, (Norcini & Boulet) **2003, 15:**293–297

The Effect of Task Exposure on Repeat Candidate Scores in a High-Stakes Standardized Patient Assessment, (Boulet & Others) **2003, 15:**227–232

Using Standardized Patients to Teach Disease Management Skills to Preclinical Students: A Pilot Project, (Brown & Others) **2003, 15**:84–87

Student characteristics and skills

"My Future As A Physician"—Professional Representations And Their Background Among First-Day Medical Students, (Niemi & Others) **2003, 15:**31–39

Student Understanding of the Relationship Between the Health Professions and the Pharmaceutical Industry, (Monaghan & Others) **2003, 15:**14–20

Teaching skills

Challenges and Opportunities for Patients with HIV Who Educate Health Professionals, (Hatem & Others) **2003, 15:**98–105

Development and Implementation of an Objective Structured Teaching Exercise (OSTE) to Evaluate Improvement in Feedback Skills Following a Faculty Development Workshop, (Stone & Others) **2003, 15:**7–13
